The Township Center Overlay District which has been traditionally located on Orchard Lake Road from 14 Mile to north of Maple and was intended to create a new downtown for the Township is in the process of being re-envisioned. The re-envisioned corridor will focus on creating a world class corridor with significant investment in road improvements, a new approach to building design and aesthetic with new zoning regulations, and creating a more flexible environment for the business community.

It's **THE** place to be in West Bloomfield and in the Region!
