

Coyote Safety Reminders

Coyotes have been spotted in this area. To minimize potential conflict with our coyote neighbors please abide by the following rules;

Leash your dogs and stay with your dogs at all times.

Never intentionally approach or feed a coyote.

Do not encourage the coyotes to approach. If one approaches, do not run, instead make loud noises and make yourself appear larger.

West Bloomfield Parks along with local animal control will not trap, hunt or relocate coyotes from this natural area. Coexistence is the best option. Coyotes typically will avoid humans.
