MAP INFORMATION

Mineral Lease Nominations derived weekly from the MDNR's Land Ownership Tracking System (LCTS). Oil and Gas Auction Nominations are for the upcoming Lease Auction. Other Nominations are currently being processed by the MDNR.

Lease classification recommendations are current and may differ from lease type (i.e. the lease was leased prior to the most current review).

Classification designations on individual parcels are reviewed each time lands are offered for lease. Parcels may be offered for lease under different classifications at future sales.

Mineral Lease and DNR Land Ownership information is derived weekly from LCTS. Parcel information is compiled to the quarter-quarter section level. Multiple parcels with varying types of ownership within a quarter-quarter section result in the Mixed Ownership Category. Non-ownership rights are classified as Other Rights.

COMPLETENESS AND QUALITY
In general, the data does not reflect platted parcels, Private Claims, and parcels within the City of Detroit and/or Saint Clair County Falls.

The amount of acreage owned within a quarter-quarter section is identified by acreage labels in the upper-right corner of each quarter-quarter section.

The quality and completeness of this data is unknown. It is suggested that this data be confirmed with a second source, such as plat maps, to further identify ownership.

The information displayed on this map is intended for general planning purposes only. Specific ownership, lease, or nomination information should be verified by contacting the MDNR.
