

CONSTRUCTION ADVISORY NOTICE

West Bloomfield Township – SAD #161 – Rutledge Park - Roadway Improvement Project

May 9, 2018

Dear Homeowner,

We would like to take this opportunity to advise you of recent developments with respect to the West Bloomfield Township SAD #161 – Rutledge Park – Roadway Improvement Project.

As you are aware, construction of the proposed Roadway Improvement Project is currently underway and progressing well. The contractor has been performing the required full depth roadway repairs by removing half of the roadway, and leaving the other half open to traffic.

Beginning Thursday, May 10th the contractor will begin the installation of new concrete curb and gutter across the full depth pavement repair areas. If new curb is to be installed across your driveway, you will not be able to utilize the driveway for an approximate 7-10 day period while the new concrete is curing, and any impacted sections of your driveway are being replaced.

The Construction Inspector from Nowak & Fraus Engineers will notify impacted residents, prior to closing down their driveway, and advise of acceptable alternate parking areas along the roadway. Any on-street parking of vehicles will be prohibited within the area of construction. Residents will be directed to park along ONE side of the roadway, outside the project limits (potentially Ledgeway Drive, Rutledge Park Court, Wynford Drive or Winchester Road)

Mail delivery, garbage collection and emergency vehicle access will be maintained throughout the duration of the project.

If there are any specific concerns or questions regarding the project, please feel free to contact Jason Longhurst, of Nowak and Fraus Engineers at 248-332-7931 or Pamela Sych, of West Bloomfield Township at 248-451-4815. Additionally, project information will be continually updated on the Township Website at the link below:
