

CONSTRUCTION ADVISORY NOTICE

West Bloomfield Township – SAD #161 – Rutledge Park - Roadway Improvement Project

May 4, 2018

Dear Homeowner,

We would like to take this opportunity to advise you of recent developments with respect to the West Bloomfield Township SAD #161 – Rutledge Park – Roadway Improvement Project.

As you are aware, construction of the proposed Roadway Improvement Project is currently underway and progressing well. The contractor has been performing the required full depth roadway repairs by removing half of the roadway, and leaving the other half open to traffic.

Beginning today (Friday, May 4th) the contractor will begin removing the approach connections to Middlebelt Road and Maple Road. The approaches will be removed half width, and vehicle traffic will be maintained on the other half. **It is recommended that residents utilize Winchester Road (to the north) to access Middlebelt Road.** Additionally, the contractor has also decided to perform work on Saturdays, in accordance with West Bloomfield Township Regulations. This will help expedite the construction, and make up for time lost due to the recent rainfall.

As indicated in our prior correspondence, access to some driveways may be blocked during working hours, as a result of the required pavement repairs. The Construction Inspector from Nowak & Fraus Engineers will notify impacted residents, prior to closing down their driveway, and advise of acceptable alternate parking areas along the roadway. Any on-street parking of vehicles will be prohibited within the area of construction. Residents will be directed to park along ONE side of the roadway, outside the project limits (potentially Ledgeway Drive, Wynford Drive or Winchester Road)

Residents with roadway repairs in front of their driveway will lose access to their driveway for an approximate one-week period of time, to allow for the placement and curing of new concrete curb and gutter. Again, the Construction Inspector from Nowak & Fraus Engineers will notify impacted residents, prior to closing down the driveway.

Mail delivery, garbage collection and emergency vehicle access will be maintained throughout the duration of the project.

If there are any specific concerns or questions regarding the project, please feel free to contact Jason Longhurst, of Nowak and Fraus Engineers at 248-332-7931 or Pamela Sych, of West Bloomfield Township at 248-451-4815. Additionally, project information will be continually updated on the Township Website at the link below:
